

An error occurred while writing to the sound device Default

- Parallels Desktop
- Parallels Desktop for Mac Standard Edition

Symptoms

When I start virtual machine Parallels Desktop displays the following error:

Cause

Read/Write operation to the virtual sound device file is failed.

Resolution

Update Parallels Desktop 11 to the latest build (11.1.0-32202): go to **Parallels Desktop** menu -> **Check for Updates...** and proceed the update.
