I cannot find toolbar with buttons in the Parallels Access app on my iPad

- Parallels Access

Symptoms

I cannot find the toolbar when working with applications in Parallels Access on iPad

Resolution

By default the toolbar in Parallels Access is always visible and available on the right side of Application screen

You can hide the toolbar by swiping your finger across the toolbar outside the iPad screen.

If you want to show the toolbar again, swipe from the right inside the iPad screen.
