

Activate Parallels Desktop for Mac App Store Edition on a new Mac

• Parallels Desktop for Mac App Store Edition

To use Parallels Desktop for Mac App Store Edition on a new Mac $^{\text{®}}$ —or on the same Mac after OS $X^{\text{®}}$ was reinstalled—<u>download and install</u> the application, and follow the steps below.

1. Start Parallels Desktop.		

2. Sign in to the Parallels account you signed in to when you used with Parallels Desktop before.

3. You will see a window with available plans. Click **Restore Purchases** at the bottom left corner of the window.
