

Parallels Mac Management offline activation

- Parallels Device Management

When a server hosting Parallels Configuration Manager Proxy service has limited or no Internet access, you can use the offline activation procedure described below:

NOTE: Please contact your Parallels account executive or Sales representative to approve offline activation feature enablement, otherwise feature will not work until approved.

- Open SCCM Console and navigate to **Administration/Overview/Parallels Mac Management/Licenses**.
- Open **Activate license** window:

Select the **Activate offline** option and input your license key:

Click **Next** and on the next window click **Save**:

Specify a location, file name and click **Save**:

NOTE: Do not close the **Parallels Mac Management - Activate License** dialog.

- Visit Offline Activation and Validation page.

(entering your Parallels Account credentials will be required unless you are already logged in)

- Drag and drop the offline activation request file to the **Offline Activation and Validation** page, or click **Select File** to browse and select the file manually:

- On the next window click **Download Offline Activation File** to save **OfflineValidationFile.txt**:

- If you previously already uploaded this kind of file, you will see the following message:

NOTE: If the file was already used, or Parallels Configuration Manager Proxy service has been restarted, this procedure should be started from the very beginning.

- Move the file back to the server hosting **Configuration Manager** console with **PMM Console extension**. In the **Parallels Mac Management - Activate License** dialog, click **Browse**:

- Select the license activation file you've obtained from **Parallels My Account**:

- Click **Next**:

- Your license information is displayed on the screen. Review the information and click **Activate**:

- Click Finish:

- On successful activation, the License status in the SCCM console changes to **Activated**:

Your Parallels Mac Management installation is activated and the activation information is added to your Parallels My Account.
