

ERROR: Manual interaction is required to complete the configuring of the \"%1\" virtual machine

- Parallels Desktop
- Parallels Desktop for Mac Standard Edition

Symptoms

Parallels Desktop displays the following error message during your virtual machine upgrade:

```
Manual interaction is required to complete the configuring of the \"%1\" virtual machine.
```

Cause

The upgrade could not be completed automatically, because some operations in Windows require your attention.

Resolution

Please switch to manual upgrade mode by pressing Ctrl+Command+Alt+R keys simultaneously and when prompted, hit "Yes".

You will see the pop up notice/message that is hiding behind the upgrade screen. Complete the action required (depending on the Windows message) and the upgrade will continue automatically.
