

Cannot sign up or log in to Parallels account

My Account

Symptoms

- I can't create a new Parallels account
- I can't get past the sign in page of My Account, getting an error: "Invalid email or password"
- I don't get an email with password recovery/browser confirmation link
- I'm trying to use SSO and encounter the page 'Single Sign-On Misconfiguration Detected'

Sign in to existing account

Issue	
I forgot my password.	Reset your password using Forgot pas
I no longer have access to the email address I used to register at my.parallels.com	Create a <u>new account</u> with you Visit <u>this page</u> and reach out to any) registered to the old emai
I do not remember which email address I used to register an account.	Search for emails from noreply@para registration.
I am trying to reset my password, however, I do not receive the password reset email.	Check your Junk/Spam folder Ensure emails from noreply@
m accessing my account from an unconfirmed device/browser and am not ing the email to authorize the device/browser.	list. 3. Alternatively, access your accordance of the Customer Care option

Sign up for a new account

Issue	
I cannot sign up with the error: "This email is already in use".	There's an account My Account's <u>login</u>
I get an error message: "You're not recommended to use this password because it's widely used and cannot reliably protect your account."	The password you minimize the change
