

Viewing license keys in a Parallels business account

- My Account

To view a subscription or product license key:

1. Open your Parallels account [Dashboard](#) and click on **Active subscriptions** under the product in question.
2. Click on the subscription you need a license for.
3. At the bottom of the subscription page you will find the **License Keys** box with the product licenses.
4. Select the value of the license key and copy it into the buffer. Use this license key to activate your Parallels business product.
