

How to uninstall Parallels Desktop for Mac App Store Edition

- Parallels Desktop for Mac App Store Edition

Open Finder, go to **Applications** and right-click on **Parallels Desktop for Mac App Store Edition**. Select **Move to Trash**.

Alternatively, you can also hold down the app's icon in Launchpad until all the icons start to jiggle, and then click the app's delete button (x) to uninstall the app.

Note: Your virtual machines **will not** be affected by this procedure — only the Parallels Desktop application will be uninstalled. If you want to remove a virtual machine, please see [KB 5029](#).

You can reinstall the app by viewing the App Store Purchases list and clicking the **Install** button for the app.
