

How to convert an *.APP file to a *.DMG

- Parallels Device Management

Information

To convert **.APP** file to **.DMG** format follow the steps below:

1. Create a new folder on **Mac** and copy ***.APP** file to the new folder.
2. Open **Disk Utility > File > New Image > Image from Folder**.
3. Choose the new folder.
4. Specify the name of the **DMG** file and the path where the file should be created and click **Save** button.
