

How to install and activate Acronis True Image for Mac from Parallels Desktop 12

- Parallels Desktop
- Parallels Desktop for Mac Standard Edition 12
- Parallels Desktop for Mac Standard Edition

Information

NOTE: Parallels Desktop 12 for Mac users receive a special offer: a one-year subscription for Acronis True Image + 500 GB of Acronis Cloud. For more details about the offer please visit [KB 123870](#).

Instructions

1. To install Acronis True Image, open Parallels Desktop 12 > click on the **Parallels Desktop** menu > select **Backup with Acronis True Image**.
2. In the opened window, click **Install** and wait for the download to complete:

NOTE: You will be prompted to enter the Mac administrator password during the installation process.

3. Once Acronis True Image is installed, it will prompt you to enter an activation key. If you would like to use the 30-day trial included in Parallels Desktop 12 for Mac, click on **Start Trial**.
4. **Sign in** to Acronis True Image, or click **Create Account** to create a new account:
5. You can start using Acronis True Image after signing in. To learn more about Acronis True Image, refer to the [Acronis True Image User Guide](#) or visit the [Documentation](#) page.
