## How to install and activate Acronis True Image for Mac from Parallels Desktop 12

- Parallels Desktop
- Parallels Desktop for Mac Standard Edition 12
- Parallels Desktop for Mac Standard Edition

## Information

**NOTE:** Parallels Desktop 12 for Mac users receive a special offer: a one-year subscription for Acronis True Image + 500 GB of Acronis Cloud. For more details about the offer please visit <u>KB 123870</u>.

## Instructions

- 1. To install Acronis True Image, open Parallels Desktop 12 > click on the **Parallels Desktop** menu > select **Backup with Acronis True Image**.
- 2. In the opened window, click **Install** and wait for the download to complete:

**NOTE:** You will be prompted to enter the Mac administrator password during the installation process.

- 3. Once Acronis True Image is installed, it will prompt you to enter an activation key. If you would like to use the 30-day trial included in Parallels Desktop 12 for Mac, click on **Start Trial**.
- 4. Sign in to Acronis True Image, or click Create Account to create a new account:
- 5. You can start using Acronis True Image after signing in. To learn more about Acronis True Image, refer to the <u>Acronis True Image User Guide</u> or visit the <u>Documentation</u> page.
