

## **Activate a trial period for Parallels Toolbox for Mac**

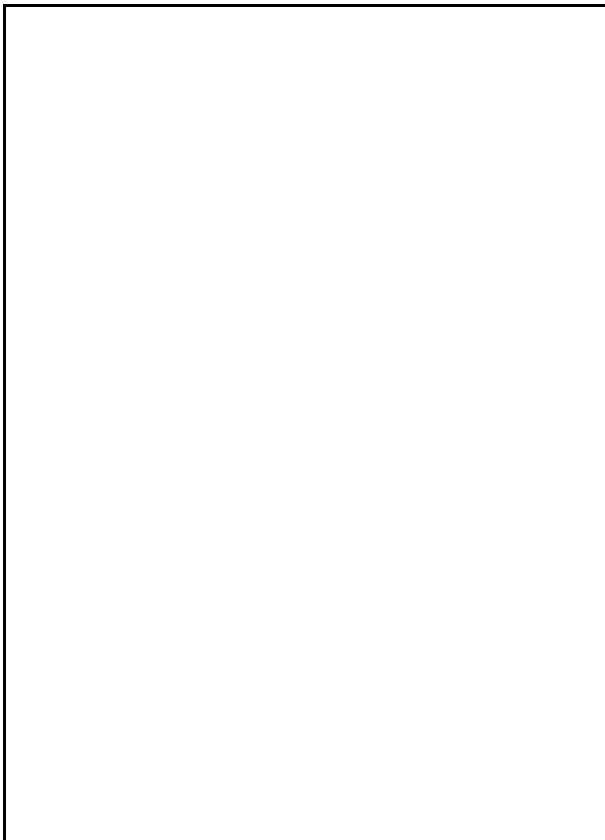

- Parallels Toolbox

Parallels Toolbox offers a 14-day trial period within which you can enjoy the offered tools and make a decision on whether the application works for your needs. To use the trial version, follow the steps below:

1. Download and install Parallels Toolbox for Mac.
2. Start Parallels Toolbox. Click on the Parallels Toolbox icon > click on the Cogwheel > click **Sign in**.

3. Click on the **Sign in** button in the new window.

4. You will see the registration window. You should either sign in to your existing account or create a new one.

5. After you sign in or create an account, Click on **Continue**.

6. Once you have read the "Parallels User Account Data Privacy Notice", click on **I Accept**.

Once done, your copy of Parallels Toolbox will be activated with a trial license for 14 days.

Once the trial period is over, you will lose access to most of the application tools until you purchase a license.

You can purchase the full version at any time during your trial period and reactivate your copy with it. Open the Parallels Toolbox application and click on **Buy** to make a purchase, or click **I Have a Key** if you have already purchased a license to activate the product.
