Filtering access to Web Portal Administration page

- Parallels Remote Application Server 16.2

Information

For security reasons one might need to restrict access to RAS Web Portal Adminsitration page. In order to achieve this, please follow the steps below:

1. Sign in to **RAS Web Portal** Administration page (http://%YourWebPoralHostname%/RASWebPortal/Admin.aspx)

2. Switch to **General Settings > System Settings**.

3. Check **"Enable Admin Page Security"** option and specify list of allowed IP addresses.

Note: After applying these setting, an admin from restricted location receive the following warning:
