

How to restrict access to a RD Session Host desktop for particular users

- Parallels Remote Application Server 16.0
- Parallels Remote Application Server 16.1
- Parallels Remote Application Server 18.3
- Parallels Remote Application Server 19.1
- Parallels Remote Application Server 17.1

Information

In order to restrict direct desktop access for particular users and groups, follow the steps below:

1. Open Remote Application Server Console.
2. Go to **Farm > RD Session Hosts** > right-click on the required server > **Properties > Desktop Access** tab
3. Uncheck **Inherit default settings**.
4. Enable **Restrict direct desktop access to the following users option**.
5. **Add** required users/groups.
