

## How to switch a Gateway to a normal or forwarding mode

- Parallels Remote Application Server 19.1
- Parallels Remote Application Server 18.3
- Parallels Remote Application Server 18.0

## Information

In order to switch a Gateway to a required mode, follow these steps:

1. Open **Remote Application Server Console**.
  2. Go to **Farm > Secure Gateways >** right-click on the required server **> Properties > Properties** tab.
  3. Select a required mode from the **Gateway Mode** dropdown menu.
