

## Error when viewing License properties

- Parallels Device Management

## Symptoms

When I try to view the properties of PMM license in SCCM console, error is thrown:

## Resolution

You need to paste the following code in the end of **C:\Program Files (x86)\Microsoft Configuration Manager\AdminConsole\bin\Microsoft.ConfigurationManagement.exe.config**:

```
<runtime>
  <assemblyBinding xmlns="urn:schemas-microsoft-com:asm.v1">
    <dependentAssembly>
      <assemblyIdentity name="Xceed.Wpf.Toolkit"
publicKeyToken="3e4669d2f30244f4" culture="" />
      <bindingRedirect oldVersion="0.0.0.0-2.8.0.0" newVersion="2.9.0.0"/>
    </dependentAssembly>
  </assemblyBinding>
</runtime>
```

|                |               |
|----------------|---------------|
| <b>Before:</b> | <b>After:</b> |
|----------------|---------------|
