

## **Run MAGIX products in Parallels Desktop for Mac**

- Parallels Desktop for Mac Standard Edition
- Parallels Desktop for Mac Pro Edition
- Parallels Desktop for Mac Business Edition

### **Information**

Parallels Desktop for Mac allows you to run MAGIX video and music solutions as good as in Windows PC natively. Applications that were tested to confirm full compatibility include but not limited to:

- ACID Pro
- Samplitude ProX3
- SpectraLayers Pro 5
- Sound Forge Pro 12
- VEGAS Pro 16

### **Installation**

Installation of MAGIX apps in Parallels Desktop is the same as in Windows PC:

1. [Download and install Parallels Desktop for Mac](#)
2. [Download and install Windows](#)
3. [Download and install required MAGIX application.](#)

**Note:** if you have any issues installing MAGIX app to Windows, please contact [MAGIX Support](#).
