

Fix issues with presentation mode in PowerPoint in Parallels Desktop

- Parallels Desktop for Mac Standard Edition
- Parallels Desktop for Mac Business Edition
- Parallels Desktop for Mac Pro Edition
- Parallels Desktop for Mac App Store Edition

Description

When running Parallels Desktop 16.1.0, PowerPoint presentation mode doesn't work: the application either hangs (presenting a black screen) or crashes.

Solution

To fix this situation, please open the virtual machine's Configuration > **Hardware** > **Graphics**, and set video memory to **Auto**.
