

CMD+Space combination does not change layout in Ubuntu virtual machine

- Parallels Desktop for Mac Standard Edition
- Parallels Desktop for Mac Business Edition
- Parallels Desktop for Mac Pro Edition

CMD+Space combination does not change layout in Ubuntu virtual machine if Send macOS system shortcuts is set to "Auto" in Parallels Desktop preferences.

Resolution

Parallels Desktop engineering team is working on the fix.

As a workaround, use one of the following methods:

- Set **Send macOS system shortcuts** to **Always** in Parallels Desktop preferences.
- Disable or change CMD+Space combination in macOS System Preferences.
