

Fix issues with saving files in Windows apps on Mac computers with Apple M-series chip

- Parallels Desktop for Mac Standard Edition
- Parallels Desktop for Mac Business Edition
- Parallels Desktop for Mac Pro Edition
- Parallels Desktop for Mac App Store Edition

When running Microsoft Office in Windows ARM on a Mac computer with Apple M-series chip, you may encounter difficulties with saving files. It can either be an error, or a destination folder might be resetting to "Network Shortcuts".

Similar behavior may also occur in some other applications.

Solution

The issue is fixed in Parallels Desktop 18. [Download](#) the latest build to solve the issue.
