License: The current version is not covered by the Maintenance & Support of this license

- Parallels Secure Workspace

Symptoms

When trying to import a license file in Parallels Secure Workspace, a message is shown:

```
{"license": ["The current version is not covered by the Maintenance & Support of this license"]}
```

Cause

There is an issue with the terms defined in the license file.

Resolution

Make sure the proper terms are included in the license file.

- End customers: please reach out to the reseller / partner.
- Partners: please reach out to the sales team.
