

Do I need to have an active Azure subscription to use Parallels DaaS?

- Parallels DaaS

In order to use Parallels Desktop as a Service (DaaS), you need an active Microsoft Azure subscription.

This service supports pay-as-you-go, enterprise agreements, and [free trials](#).

To set up Parallels DaaS, you must create an enterprise application.

Before doing this, your account must be at least a [cloud application administrator](#). You can find more detailed information in the Parallels DaaS [Admin Guide](#).
