

Using Ctrl+Alt+Del in Windows virtual machine

- Parallels Desktop
- Parallels Desktop for Mac Standard Edition

Symptoms

Windows in Parallels Desktop virtual machine is asking to press **Ctrl+Alt+Del** to log on:

However it doesn't work when I press these buttons.

Cause

On most Mac keyboards the Delete key works as Backspace in Windows. To make it work as Windows Delete key you need to press **Function (Fn)+Delete**.

Resolution

Please press **Function+Control+Option+Delete** buttons:
