Register a Parallels account

- My Account

You can register a Parallels account either on the Parallels website, or using one of Parallels applications.

Register an account on the Parallels website

1. Go to https://my.parallels.com/register.
2. Enter your email address, name and password, agree with the Terms of Use, and click **Sign Up**.

Register an account in a Parallels product interface

When you start some Parallels applications for the first time, you will see a sign in window. You will also have two options: to sign in to an existing account, or create a new one. Select the option to register a new account, fill out the contact information form, and proceed according to the on-screen instructions

Register a Parallels business account

You need to register a business product license to create a business account.

1. Sign in to your Parallels account.
2. Open the Register Key page and enter your product license, click **Register**.
3. Fill out the registration form (all fields are mandatory) and click **Register**.
